

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 10 Jun 2015

Yarding Change 6494
1902

comparison date 03/06/2015

Numbers increased by 42% and quality across all classes was very mixed and included some large runs from far western districts. A good panel of export buyers was present and active however the usual feeder buyers were operating on reduced prices and restockers were more selective in their purchases. Young lightweight cattle tended to struggle at times with only well-bred lines in demand. Restockers with some oats to feed stepped in on the medium weight yearling steers and prices generally held firm. However heavy yearling steers to feed lost 10c and up to 20c/kg in places. Heavy grown steers and bullocks experienced only quality related price changes. A very large number of cows sold to a mixed trend with good heavy cows improving in price while the plain condition lines averaged 2c to 4c/kg cheaper.

A large number of calves returned to the paddock at 228c with sales to 278.2c/kg. Vealer steers also returning to the paddock averaged close to 262c and made to 275c/kg. Vealer heifers averaged 3c to 8c cheaper with feeder lines at 226c and slaughter classes 217c/kg. Lightweight yearling steers returning to the paddock mostly sold in the 250c range with some to 268.2c/kg. Medium weights to feed averaged 249c, while restocker lines made to 269.2c, to average 253c/kg. Heavyweights to feed averaged in the mid-250c range with occasional sales to 269.2c/kg. Medium weight yearling heifers to feed averaged 13c less at 218c and local trade lines lost 10c to also average close to 218c/kg.

Heavy grown steers to export slaughter made to 243.2c, to average 237c and a small selection of bullocks averaged 234c/kg. Full mouth bullocks mostly sold around 226c/kg. Medium weight 2 score cows averaged 166c and sold to 175c/kg. A large supply of good heavy cows made to 218.2c in pen lots to average 207c/kg. Heavy bulls made to 245.2c/kg.
