

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Prime

report date 31 Mar 2016

Yarding Change 571
-307

comparison date 17/03/2016

Only a small number of prime cattle were penned. Quality fluctuated from plain to good with a full panel of processor buyers present and all were operating. Bullocks were cheaper mostly due to the plain quality on offer, while grown heifers were 3c to 9c/kg lower in price. Majority of the cows were in good condition and held firm in price. Good quality bulls attracted solid processor competition and overall only quality effected price averages.

Grown steers sold to 279c and averaged 278c, while bullocks made to 279c and averaged 275c, down 7c/kg. Medium weight grown heifers topped at 270c and averaged 266c, down 3c, and heavy weight grown heifers earned to 259c/kg. Medium weight 3 score cows reached 231c and averaged 226c, up 6c, while heavy weight 4 score cows sold to 240c and averaged 236c/kg, unchanged in price. Heavy bulls sold to 266c and averaged 248c, down 6c/kg.
