

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Roma Store

report date 26 Apr 2016

Yarding Change 5500  
400

comparison date 19/04/2016

Yarding numbers rose slightly and the quality of store cattle remained very mixed. The yarding contained several large single vendor store weaner consignments from Jericho, in central west Queensland, and Yuleba, in south west Queensland. Store steers were cheaper, but the large lines of weaner store steers increased restocker buyer competition for the lighter end of the medium weight yearling steers. A line of PTIC cows mostly sold to processors for between 205c and 218c/kg.

Light weight yearling steers reached 346c and averaged between 307c and 310c, while plainer sorts sold mostly between 283c and 290c/kg. Medium weight yearling steers to feed earned to 298c and averaged 285c, while those returning to the paddock hit 310c and averaged 297c/kg. Heavy weight yearling steers to feed sold to 290c and averaged 275c, down 5c/kg. Light weight yearling heifers topped at 310c and averaged between 242c and 288c/kg. Medium weight yearling heifers to feed made to 288c and averaged 272c, up 8c/kg.

Medium weight grown steers to feed sold around 260c, down 9c/kg. Medium weight 3 score cows sold to 212c and averaged 204c, while heavy weight 3 score cows reached 218c and averaged 213c/kg. Cows and calves sold to \$1,390 and averaged \$933/unit.
