Cows and Calves	17			\$1102	\$1520

Blackall combined agents' yarded 1460 head at their Fat and Store sale yesterday. The yarding was made up of some great lines of Bullocks, fat cows and feeder cattle. The store cattle yarding were made up of some mixed lines but light store steers broke records topping at 401 c/kg. A full panel of export buyers were present with six different processors operating. The fat market followed the trends of other eastern Australia markets this week and trended slightly cheaper. The Blackall market however was arguably the strongest in the state for fat cattle this week. Local and near local re-stockers were active in the market. The next Blackall sale will be a weaner and fat sale on Thursday 28th July 2016.
