

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 19 Oct 2016

Yarding Change ⁴⁶⁷⁰₋₇₄₇

comparison date 12/10/2016

The slightly smaller yarding contained some good consignments from a large number of far Western districts. Prices generally could not maintain the levels of the previous week. A selected few top end quality lines of light weight yearling steers and heifers to restockers sold to strong demand however average prices fell on the remainder with losses of 16c to 20c/kg. Medium and heavy weight yearling steers to feed averaged 10c to 14c less while the heifer portion lost 10c to 20c/kg. Despite some additional interstate export processor support, heavy grown steers and bullocks averaged 7c to 8c/kg less. Cows also sold to a cheaper trend to lose 6c to 8c/kg on top of the previous week's losses.

Steer calves to restockers made to 440.2c, with mixed sex calves averaging 424c/kg. Light weight yearling steers returning to the paddock made to an isolated 442.2c, with a large supply averaging 408c/kg. Medium weight yearling steers to feed made to 396.2c and a relatively large sample averaged 370c/kg. Heavy weight yearling steers to feed made to 365.2c, with the largest numbers in the mid-350c/kg range. Light weight yearling heifers to restockers mostly sold around 370c, with an isolated pen to 414.2c/kg. Medium weight yearling heifers to feed averaged 349c and made to 370.2c while the heavy weights to feed mostly sold around 324c/kg.

The younger lines of the heavy grown steers made to 327.2c, with most around 315c/kg. Bullocks made to 317.2c to average 309c/kg. Medium weight 3 score cows averaged 232c and the better end of the medium weights made to 254.2c to average 247c/kg. A large supply of good heavy cows made to 259c, with most around 253c/kg. Heavy bulls made to 283.2c/kg.
