comparison date 06/12/2016

It was a modest yarding of store cattle for the final sale of the year. Quality varied from plain to good with cattle drawn from across western Queensland. Good restocker attendance lifted light weight yearling steers prices, while feedlot buyers were more selective when purchasing. Good numbers of light weight yearling heifers returned to the paddock, while medium weight heifers to domestic feedlot buyers held firm in price.

Light weight yearling steers hit 434c and averaged between 382c and 398c/kg. Medium weight yearling steers to feed sold to 364c and averaged 344c, while those going to restocker buyers topped at 388c and averaged 362c/kg. Heavy weight yearling steers to feed earned to 374c and averaged 336c/kg. Light weight yearling heifers sold to 375c and averaged between 334c and 348c/kg. Medium weight yearling heifers to feed made to 336c and averaged 329c/kg.

Grown steers to feed made to 336c and averaged 320c/kg. Most medium weight 3 score cows sold between 228c and 238c/kg.
