

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Store

report date 18 Jul 2017

Yarding Change 6822
-1566

comparison date 11/07/2017

There was a yarding of 6,827 cattle today at Roma Store Sale. All buyers were in attendance and taking into consideration quality comparison to last week, there was unmentionable change, however with the rise in grain prices the feedlot entry money was back slightly. The majority of the pens were filled with lighter weight weaner steers and heifers that were showing the effects of winter as is expected at this time of year. Well presented cattle off oats have started to filter back through the system.

Calves less than 200kg made to a top of 402.2c, to average 380c/kg. Lighter yearling steers under 280kg made to a top 398.2c, to average 347c and yearling heifers made to a top of 352c, to average 299c/kg. Steers to feeders made to a top of 331c for top end quality and averaged 310c/kg.

Grown steers made to a top of 294.2c to average 274.2c, while grown heifers made to 290c to average 244c closing the common 20c/kg gap between the sexes yet again. Bulls under 400kg made to 370c and bulls in the 400-600kg range made to 310c/kg.
