

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 16 Aug 2017

Yarding Change 4746
1085

comparison date 09/08/2017

Numbers increased by over 1,000 head and the usual panel of buyers was present and most were operating in a generally cheaper market. However despite the decline in most slaughter lines steer calves and light weight yearling steers returning to the paddock managed to experience a small improvement of 1c to 2c/kg. Medium weight yearling steers to feed averaged 12c/kg less while the better end of the heavy weight yearling steers to feed averaged close to the previous weeks level. Light weight yearling heifers to restockers averaged 23c cheaper and medium weights to feed lost around 20c/kg. Heavy steers to export slaughter sold to a market 9c cheaper while the lesser quality line-up of bullocks averaged 23c/kg less. Cows continued to lose ground to average 7c to 10c/kg easier while PTIC cows were in demand and improved in price.

Steer calves returning to the paddock managed to make to 390.2c with mixed sex calves averaging 335c/kg. Light weight yearling steers returning to the paddock made to a top of 376.2c to average 332c/kg. Medium weight yearling steers to feed mostly sold around 302c with the occasional sale to 319.2c/kg. The better end of the heavy weight yearling steers to feed averaged 290c and made to 298.2c while the lesser quality lines averaged 280c/kg. Light weight yearling heifers returning to the paddock were well supplied and averaged 269c with the occasional sale to 310c/kg. Medium weight yearling heifers to feed averaged just under 260c and made to 273.2c/kg.

Heavy grown steers averaged 263c with some to the local meat trade at 271.2c/kg. Bullocks made to a top of 263.2c with most close to 258c/kg. Medium weight cows PTIC returned to the paddock and made to 230c to average 216c/kg. Medium weight 2 scores to processors averaged close to 184c and made to 193.2c/kg. A large supply of good heavy cows made to 211.2c with most around 204c/kg. Heavy bulls made to 263.2c/kg.
