

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Roma Store

report date 27 May 2014

Yarding Change 6000
-700

comparison date 20/05/2014

There was a slight decline in supply, with a good yarding of mostly local south west Queensland cattle and the occasional consignment from central areas of the state. The quality lines of light weight yearling steers attracted solid restocker buyer competition and prices improved 7c/kg. Feedlot buyers were very active on medium and heavy weight steers. The improved quality of light weight yearling heifers to feed helped lift prices by 5c/kg, while most other classes were cheaper in price. Store conditioned cows fell 15c/kg in price. Cows and calves sold to \$600/unit.

Light weight yearling steers topped at 214c and averaged 197c, up 7c, while plainer lines averaged 160c, up 7c/kg. Medium weight yearling steers to feedlot buyers sold to 193c and averaged 186c, up 5c, while those returning to the paddock reached 188c and averaged 179c, up 3c/kg. Heavy weight yearling steers to feed earned to 194c and averaged 190c, up 7c, and those to restockers made to 193c and averaged 187c/kg, unchanged in price. Light weight yearling heifers to feed topped at 146c and averaged 141c, up 5c/kg. Those to processors made to 143c and averaged 132c, down 5c, while those to restockers sold to 144c and averaged 135c, down 1c/kg. Medium weight yearling heifers to feed made to 148c and averaged 145c, up 4c/kg. Heavy weight yearling heifers to processors earned to 153c and averaged 143c/kg.

Grown steers sold between 146c and 176c/kg. Light and medium weight 2 score cows sold to 100c and most sold between 74c and 82c, down 15c/kg. Medium weight 3 score cows made to 118c and averaged 107c, down 11c/kg.
